**FEE SCHEDULE ENDNOTES**

**Surcharges and Policies regarding the services of Lew Grill**

(A 5% late fee is added for payments exceeding 60 days.)

- A. Legacy Standard App subscribers have a 5% discount on all billing, without regard to amount (please inform us to verify this discount).

**B. TRUCK USAGE FEES**

- (1) Equipment such as tractors and semi-trailers are usually available for any location in the Continental United States, Alaska - including the North Slope, Hawaii, Puerto Rico, Canada, Latin America, and Europe.
- (2) Truck usage fees are additional to professional driving fees (see Fee Schedule above), and include \$250.00 per hour for equipment usage in Continental U.S.A., \$300.00 per hour in Canada, and \$425.00 per hour outside the U.S.A and Canada. Fees are billed in four-hour time block increments. A per-mile fee can be substituted for driving projects outside of 400-mile radius for the starting point. (*Call for cost estimate*)
- (3) Truck usage fee is for equipment rental only for all of the time the equipment is used, and does not include the actual driving work performed, nor the cost of driving the equipment to the project site.
- (4) Truck usage fees include equipment use, insurance, maintenance, taxes and tolls, and fuel, but do not include driving time.
- (5) Time scheduling is essential for equipment use. All driving time is subject to Hours of Service Rules in the specific country of operation, and personal travel schedule.
- (6) It is advisable to request a detailed quote for long distance trucking charges. The costs of truck usage plus driving time are often substantially less than costs booked separately for equipment and driving, because when possible, other enroute work projects will be booked to offset your costs.
- (7) Surcharges are applied when security and/or escort is required, and for operation in dangerous or hazardous areas or regions.

**C. TRAVEL COSTS**

- (1) Airfare is almost always first class. Due to more than 100,000 miles of travel and hundreds of nights spent on the road each year, plus constant schedule changes, and the necessity to get work done enroute, it is necessary to engage premium travel arrangements.

First class airline tickets are very expensive. It is advisable to request a detailed quote for your project. Conferences, depositions, presentations, etc. performed via telephone or

video/satellite communications is encouraged for a substantial savings to reduce or eliminate costs for travel time and airline tickets.

- (2) Ground transportation. Airport parking, rental car, taxi, train, ferries, etc. are actual cost of vender's invoice plus fuel, tolls and other fees when required, plus travel time as stated above.
- (3) Hotel and meals are the actual cost of receipts. *(Meals are generally charged at \$90 per diem).*

**D. SURCHARGES ADDED TO TIME CHARGES OUTSIDE OF NORMAL BUSINESS HOURS**

- (1) Normal business hours are 7:00 a.m. – 9 p.m. in the time zone of performance. Notwithstanding, surcharges are added on rare occasions. Charges that may be added to time outside these normal hours are —
  - (a) Evenings (6:00 p.m - midnight)----- 33%
  - (b) Nights (midnight - 8:00 a.m.)----- 50%
  - (c) Weekends (6:00 p.m. Friday - 8:00 a.m. Monday) ----- 100%
  - (d) Holidays ----- 100%

*(Evening or night surcharges are added to weekend or night surcharges when applicable).*

**E. EXPEDITED SERVICES (Call for cost estimate)**

- (1) Scheduling. The work and travel schedule calendar is usually out 30 to 45 days. Work that can be reasonably scheduled within 30 days will be performed at normal rates. Time-sensitive work (e.g., site inspections, reports, trial appearance, depositions, etc.) must be requested with sufficient notice to avoid expedited surcharges.
- (2) Expedited charges. Charges that may be added to time outside normal scheduling are —
  - (a) Clerical processing and rescheduling flat fees ----- \$650-\$900.
  - (b) Expedited work ----- up to 150% of regular fees.

**F. CANCELLATION & DETENTION CHARGES**

- (1) Detention charges mean the charges published on this Fee Schedule.
- (2) **A timely cancellation notice is required to avoid detention charges. This is especially important for trials and depositions because travel arrangements have been made, work for other clients and projects must also be rescheduled, other work is declined, and travel may have already begun.**
- (3) The following detention schedule will apply with regard to a notice of cancellation from a scheduled appointment time. (Examples follow).
  - (a) 14-day notice = no detention charge.
  - (b) 7-13 business day notice = (up to) 75% detention charge.
  - (c) Less than 7 business day notice = (up to) full detention charge.

- (4) The retaining law firm is responsible for the charges.

Examples:

- (a) Deposition cancellation 15 business days prior to the scheduled date – no charge.
- (b) Deposition cancellation 10 business days prior to scheduled date –  
 $75\% \times \$500 \times 4/\text{hr. min.} = \$1,500.$
- (5) The airlines and/or travel agency will charge a cancellation fee, which will be added as a detention charge, if applicable.
